### VITRIFIED PORCELAIN

Made of clay that's malleable and great for forming detailed shapes. Created in a two firing process where it becomes vitrified during the second firing, making porcelain an extremely durable dinnerware option that is dishwasher, microwave, and oven safe.

### HAND GLAZE

Unique and handmade. Each piece is hand-dipped into the glaze from top to bottom, leaving a single band or natural porcelain around the rim and base of each piece. Variations from piece to piece evoking individual character and charm.

### ROLLED EDGE DESIGN

Designed to complement, the rolled-edge design is perfect for modern dining experiences. Stunning and contemporary, this design style showcases individuality and elegance.
